

Accuratus AccuMed 99 - Antimicrobial Wireless RF Compact Sealed Washable IP68 Medical/Clinical Keyboard

BY ACCURATUS

Accuratus KYB-MED-99-UWH (White), KYB-MED-99-UBK (Black)

About

The AccuMed 99 is an antimicrobial washable medical keyboard with a flat surface, making it easy to wipe clean while mitigating areas where dust and dirt can build up. This keyboard has been specifically designed to meet the high standards of medical environments, and boasts an IP68 rating, meaning it can be fully submerged in water for up to 30 minutes. The internal keys are scissor key mechanism for enhanced tactile typing and a smooth touch feel. It has a VESA mount on the rear if mounting is required, and dual angle feet so the keyboard can be tilted backwards or forwards.

The Med-99 has a 15KV ESD Air Discharge rating for meeting high spec requirements.
