

USB Professional Mini Keyboard with Mid Height Keys

Order Code: KYBAC595-USBSILV
Accuratus 595 - USB Professional Mini Keyboard with Mid Height Keys

About

The Accuratus 595 has a small footprint for those applications where space is limited, such as in retail, server rack draws or at home. A big winner with major retail stores, this beautifully constructed keyboard offers all the facilities of a standard keyboard, but in a mini layout.

The 595 has mid height keys and has fold out feet to allow for hours of comfortable typing. Though smaller than a standard keyboard, the 595 is still very tough using reliable membrane technology and laser etched key legends for durability.

Specifications

- USB Connection - Plug and Play no drivers required (PS/2 version also available)
- Silver case and keycaps with black keys
