ACCURATUS Mountable Vesa Screen Stand with 360 Degree Swivel

About

Maximize your workspace flexibility with the Accuratus POS 24 360 Screen VESA Screen Stand. Designed for both mounting and desktop use, this stand offers a 360 degree swivel for easy screen viewing from any angle. With its sturdy construction and VESA compatibility, it's the perfect addition to your professional setup.. Designed for screens up to 24inch in size, perfect for POS, Retail, Professional, Office and Home use.

Specifications

- Heavy duty rugged design with powder coated metal for enhanced durability
- VESA mount plate designed to hold screens upto 24inch in size (75 x 75mm & 100 x 100mm VESA pattern)
- Adjustable height screen mount that sits on a stopper section
- Screen can easily be rotated on the pole 360 degrees so that the screen can be user facing or customer facing, perfect for POS environments
- 10 x 10cm mountable pole base allowing the pole to be fixed securely to the POS counter or desktop
- Alternatively, the pole can be attached to the provided heavy metal base (20cm x 30cm), offering a solution that requires no drilling.
- Optional additional pole accessories are available such as printer stands, chip & pin card machine holders, tablet mounts etc.

Physical Specifications

- Dimensions: 160 x 98 x 8.5mm (to top of button section) (l x w x h)
- Weight: 83g
